Term 4 Week 1  
Friday 28<sup>th</sup> February 2020

Dear Parents

We started this term by coming together in assembly and re-visiting our school values. Our focus was with every act of kindness or friendship or cooperation for example we could colour our world from the grey and drab, to one in which each and every positive act lifts our spirits and sense of wellbeing and happiness.

So imagine our delight when we opened our half term post and found a letter from Dr Caroline Johnson MP congratulating us on our published school results. We are going from strength to strength through the hard work of everybody involved in the whole school journey – this starts from the age of 2yrs up to 11yrs and each and every one of us adds our piece to the jigsaw puzzle of learning.

So this weekend, we can all feel good - well done and thank you ☺

## FOES AGM

Our school is proud to have fantastic group of volunteers that make up Friends of Eagle School – many of you enjoyed the Valentines Disco at the start of half term and more events are planned for this term too! As they are a registered charity they have to have an Annual General Meeting (AGM) every year to organise trustees and the committee, review the budget and make plans for the future. If you would like to attend, please feel free to join us at Eagle School on Wednesday 11<sup>th</sup> March at 6.15pm.

## Health Check

We have sent a regular stream of emails in respect of Coronavirus. These messages are brought to us from the LCC Health Team and reflect the information from Public Health England. We continue to maintain our environment and encourage the children to hand wash and 'catch it, bin it, kill it', therefore your support is appreciated also. If you would like specific details, the link will take you the specific guidance of affected countries: <https://www.gov.uk/government/publications/covid-19-specified-countries-and-areas/covid-19-specified-countries-and-areas-with-implications-for-returning-travellers-or-visitors-arriving-in-the-uk>. . If you have travelled to/through or come into contact with someone who has travelled in these areas, please follow the guidance and inform us immediately.

Also, we have had a number of cases of headlice reported recently. Please can you check your child(ren)s hair and treat if necessary. It is most effective to treat the whole family – products are available from pharmacists. Preventative measures include the use of tea tree shampoos and combing through a conditioner helps also.

Kind regards, Hayley Adams
