

Do you want to get involved in shaping the direction of our school?

If so ... we have a great opportunity for you, read on ...

Our Governing body is looking for a new parent governor to join us from September 2017. If you are interested, you would need to be a parent of a child in the school in 2017 to meet the Parent Governor Vacancy.

Eagle School Governors are a mixture of parents, staff and people from our community who share the goal of making our school a great place to learn, to progress and to prepare for life.

We know this is a serious business as we're responsible for keeping children safe, setting the budget, monitoring performance and agreeing school policy. So we need people who are committed to supporting the school in all that we do, who would like to help drive our continuous improvement and who are willing to challenge and be a critical friend.

We meet about 6 times per year, for up to about 2 hours and there is a standard term of office of 4 years. There is also the option to take get involved with the sub-committees that focus on school budget and school standards. There are also training opportunities for Governors to better understand the role or become specialised in certain areas.

If you want to find out more please contact the school and they can arrange for a Governor to give you some more information. Alternatively you can find out more about school governance at:
