## Welcome Back

We hope you had a spooky Halloween and wishing you a fun and safe bonfire night

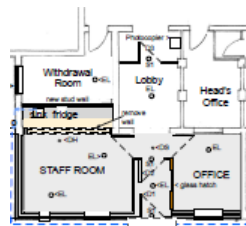

## Exciting times ...

At long last, we are in a position to finally complete the extension to the front of the school to enable us to have the range of facilities we feel will offer everything that our staff, children, parents, governors and community need. Schools receive an amount of money to enable building, repairs and refurbishment to take place, which can only be spent on this, therefore having maintained a clean and well-kept build we are now able to 'fill-in' the section at the front of the school.

The build should start on Monday 12<sup>th</sup> November and we will inform you of changes to entrance routes as applicable to ensure that we all remain safe.

ISSUE DATE:  
Friday 2<sup>nd</sup> November 2018
